TERMS & NOTES

- Volume, OEM • ODM and 5,000+ unit pricing are available on request; overseas orders settle in USD.
- The paired EGO pipeline (capture–process–train–deploy) is available via **license / subscription**; **contact sales for a trial**.
- With the paired pipeline, device + pipeline spend earns a **1:1 equivalent data buyback**; you own your data, on-prem and never leaving your domain.
- Final configuration, validity and terms are governed by the signed contract.
